OUR ACTIVITIES IN LITHUANIA

Dance lesson

The activity that I liked the most is dance lesson.

We don't have it in Italy.

It's nice to experience traditional Lithuanian dances .

We had a lot of fun.

I learned a few of their dances.

It was hard for me to keep up with their rythm.

We laughed all the time. LOL!!!

Ester and Urtė

Interwar tour

We do interwar Kaunas tour. The guide told us some interesting stories, like a guy who burned himself for protest. It was very cold but it was worth it.

The places in Kaunas, that we visited together

Church of Vytautas
the Great

The panorama from that place was fascinating and the church showed the culture of Kaunas.

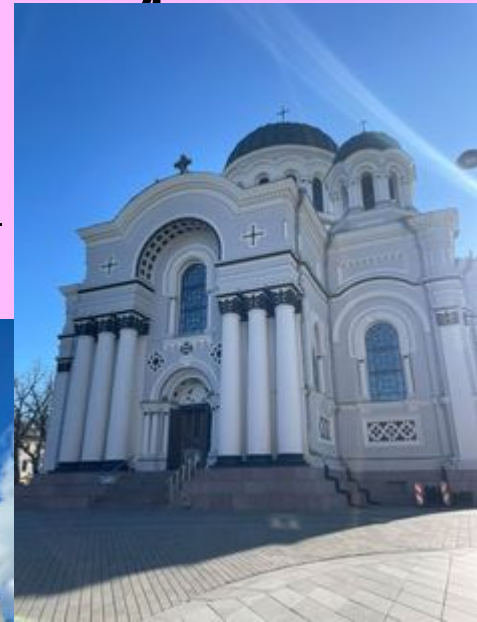

M.K. Čiurlionis
museum

This museum was very interactive and the paintings looked very amazing.

Vytautas the Great
War Museum

The guide told us the history about this building and it was nice to hear it.

Soboras

For us it was very beautiful places, because we don't have something like that in Italy.

Viltè and Olivia

We had the opportunity to try to talk in Lithuanian and German and it was very funny listening our friends talking with accent.

I also tried to talk in others languages and it was very difficult to try to understand the words that others people were saying, because Lithuanian and Italian languages have many differenties.

The main challenge was to try to talk in English and understand, what other person is saying. It took a lot of effort, but my English communication skills improved.

Viltė and Olivia

We learned a lot of things. First of all Italians are very friendly, happy and they talk very loud and fast. On the other hand Lithuanians are shy, quiet and cold (Like the weather).

Lithuanians are also catholic and not orthodox. They are so proud of soldiers who died in war.

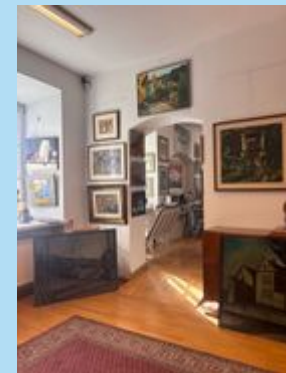

They love potatoes and the pink soup (šaltibarščiai). They have many coffee shops and bakeries.

Rim and Rugilė

We had some lessons: biology, ICT, German, Lithuanian, economy, dance classes.

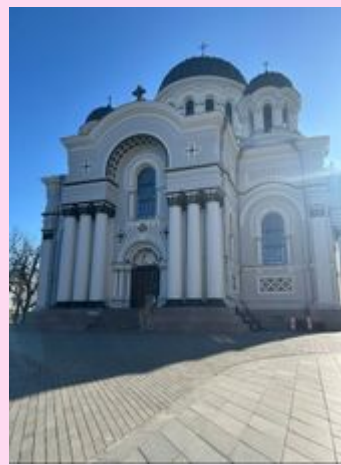

We did a lot of activities.

Rim and Rugilė

- We learnt about Lithuania and Italy how different and similar they are at the same time. We are so different because of our traditions, people and history. but we are also similar because of values, ideas and buildings.

"IF I BRING YOU TO MY WORLD, YOU'LL NEVER WANNA LEAVE" - KALI UCHIS

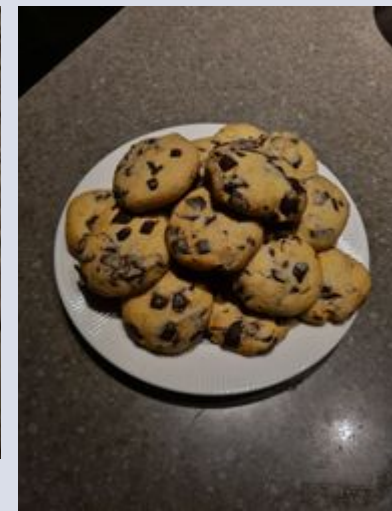

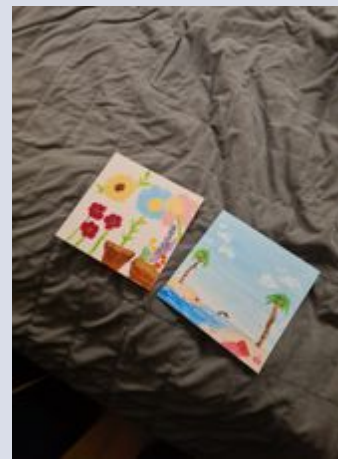

- We both learnt about each other a lot in a few days, our similarities and differences. We found out that we both like a lot of common interest like music, baking, spending quality time, reading books, and more. We also found out about our differences such as our activities because even if dancing and acting are different, they both take part in the entertainment world. Hope we'll see each other soon :P <3

- We collaborated together by showing each other pictures, making dinner, painting, baking, also we couldn't live without google translator☐

WE RATE IT 10/10 🌟

- tbh all of the pics represent our experience because

We saw this really beautiful church.

We had a lot of free time so we just explored some Kaunas beautiful places.

We had a beautiful interwar Kaunas tour and had a chance to hear the story of Kaunas.

We visited the museum of Čiurlionis, we saw a lot of paintings painted by him.

Alessia and Augustè

Here in Lithuania i had very different lessons from those in Italy, I liked them a lot because they were much more active and fun than the one I usually have

Luca and Adomas

BASKETBALL IN LITHUANIA WITH FRIENDS

FILIPPO AND AZUOLAS

WE PLAYED BASKETBALL TOGETHER WITH ADOMAS, AZUOLAS, FILIPPO AND LUCA IT WAS VERY FUN TO PLAY AND BE TOGETHER.

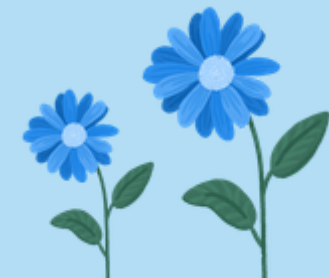

In Lithuania they have a traditional dish called cold beetroot soup. In Italy we don't usually eat cold soups.

Here they have big hallways and they have couches where you can sit between one lesson and another. In Italy we don't have couches and we only have one floor.

ARIANNA AND RADVILE

Kaunas is a lot more bigger than Vimercate and in Kaunas there is a bigger population. In Kaunas there are a lot big streets.

In Italian: salame al cioccolato
In Lithuanian: tinginys

ARIANNA AND RADVILE

We learned that our school's system is very different. In Italy we have two breaks. In Lithuania we have breaks between each class. In Italy we don't have a cafeteria and here we have it and even longer breaks to eat in it.

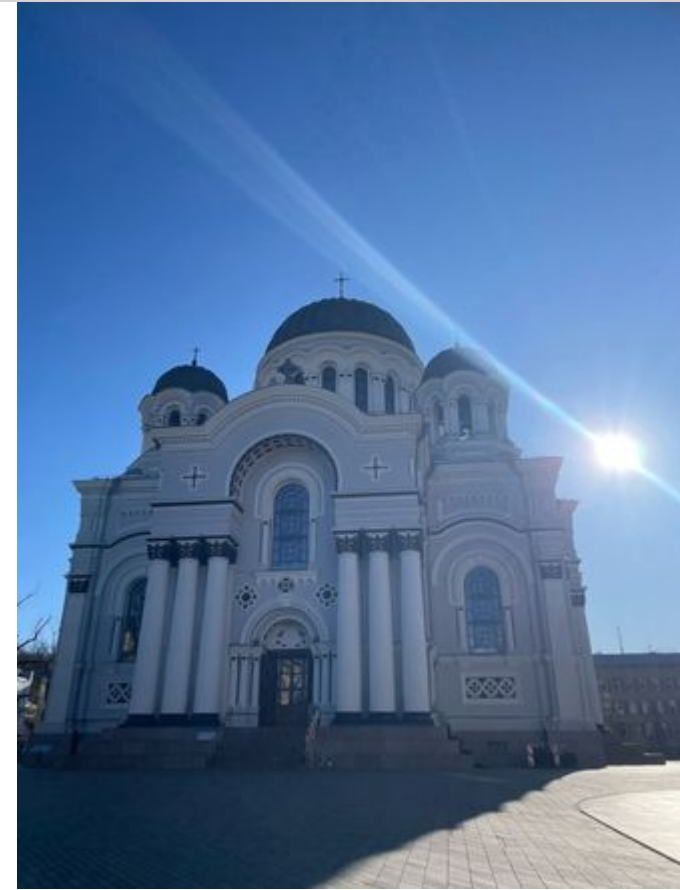

In Italian school there is only one floor, here we have four.

The cultures are very different but we can find a lot of similarities. We had a chance to practise our English.

We learned some Lithuanian dances, I really liked it.

Alessia and Augusté

We learnt about Lithuania's interwar buildings and what purpose did they serve.
